

For Immediate Release.....

Industrial Services Giant Implements eWebOQ by OQ Partners

April 22, 2004 – OQ Partners announced today that industrial services giant Western Industrial has chosen their product eWebOQ to train workers involved in the Operator Pipeline Services Division at Western Industrial. The giant's primary service areas include Arizona, California, Nevada, New Mexico and Texas.

OQ Partners is comprised of two leaders in their respective industries (OverNite Software, Inc and Center Point Energy Pipeline Services) that bonded together to form a limited partnership to deliver technological tools and training to pipeline operators, limited distribution companies, contractors, municipalities, and various smaller communities.

Feature Rich eWebOQ delivers:

- ◆ *Automatic Record Keeping*, no on-going paper intensive administrative work to do
- ◆ *Automatic Reports*, generated on the fly, for both workers and supervisors review
- ◆ *Built in Course Editing Tools*, create new courses of your own fast and it's easy
- ◆ *Built in Test Creation Tools*, build tests for any course, even PowerPoint
- ◆ *Built in Test Out feature*, employees only take courses on questions they miss
- ◆ *No hardware to buy* – remote hosted, and it's included - no additional charge
- ◆ *Link to PeopleSoft, SAP, or other HR software packages*, optional, it's up to you
- ◆ *87 courses included* – courses address the DOT mandate now and include tests
- ◆ *100% intranet/internet ready* – you just need a common browser to get up and going
- ◆ *Performance Check Lists* for manual recording of knowledge & skills - included

**Call and talk to an expert about the status of the regulation
and how others are using eWebOQ at their companies**
